I have the honour to forward herewith a true copy of a ------ resolution passed at a meeting of this Board held on the 29th January last, I have the honour to move that early steps be taken to start a Veterinary Dispensary at Puttur, the head quarters of the Uppinangady Taluk. The necessity for a dispensary in a Taluk which is -- nearly one-third in extent of the whole district is -- too plain to need any special facts and figures to --- support the demand. The people in this Taluk have -- begun to appreciate the services of qualified ------ veterinary men and there has been a feeling from some

Reference:-- Government Endorsement No.631-C/21-1, dated 29th March 1921.

I have the honour to state that I estimated the number of men to be entertained in this Department this year to be 21 but the number of students graduated this year at the Madras Veterinary College is 26. As we get more than the anticipated number, a Veterinary Dispensary can be opened at Puttur during the current official year in addition to the 6 places sanctioned in Government Order Nos. Mis., 1218 Revenue and 2566 Revenue, dated 28th May 1920 and 27th October 1920 respectively provided the local bodies concerned collectively guarantee a contribution of one half of the annual recurring expenditure of the institution as required in paragraph 3 of Government Orde

Order No.956 Revenue, dated 1st April 1913. The annual recurring expenditure is now estimated at Rs2,000/- approximately.

with Vety. institutions the number to be opened in 1921-22 will be seven. Six is the minimum number of Vety. institutions to be opened in a particular year but there is no objection both number being exceeded. In these circumstances the proposal to open a Vety. dispensary at Puttur may be agreed to
